

BREAK IT UP! – 9 ways to Quilt-as-You-Go

A technique class with Melissa Marginet

www.melissamarginet.ca

Description: Several quilt-as-you-go methods will be covered in this class. Students will make samples of different ways to attach pre-quilted sections or to attach unquilted sections to an already quilted one and continue quilting. We will also look at patterns brought in by class participants and discuss which method would be best suited to turn each pattern into quilt-as-you-go so you can feel confident making your quilt from beginning to end at home.

Supply list:

Sewing machine in good working order along with thread, bobbins, etc. (Sewing machine should be able to do a zig-zag.)

¼" foot, zipper foot, walking foot (please check before class if you are able to change your needle position on your walking foot to get a ¼" seam. Make note of this setting.)

Cutting mat, ruler, rotary cutter. (12" ruler is large enough for the class)

Iron, pressing surface

Fine Sharpie marker

Class kit – see following page for creating your class kit. Please organize these supplies by number so they are ready to use in class.

You can turn any quilt pattern into a quilt as you go. I prefer to look at quilts that you are working on or have plans to make but feel are too big to quilt as one unit on your domestic sewing machine. Please email pictures of these quilts to me ahead of time. At the end of our day together we will look at them and discuss which method or methods would work for each of them.

PREPARING YOUR CLASS KIT

Prior to class you will need to make a quilt sandwich. The quilt sandwich will be cut into individual small, quilted pieces. You are also asked to cut several fabric pieces. Place all items marked #1 together, all items marked #2 together, etc. You may wish to place these in individual baggies.

QUILT SANDWICH INSTRUCTIONS

Make a quilt sandwich by layering a fat quarter (18" x 21")/batting/fat quarter. Use two different light-coloured fabrics. This will give you a quilt sandwich with a right and a wrong side and one that you can make notes on with a marker.

Quilt as desired in a dense overall pattern leaving the last 2" unquilted. Cut the quilt sandwich as shown. Do not worry if you cannot get the exact size cuts.

Please note: there is no quilted piece required for #5.
